

Essential Unit Outcomes

The PBS Team will:

- Establish the need for school-wide acknowledgement systems: student and staff
- Facilitate implementation of staff and student acknowledgement systems — create guidelines and procedures, define responsibilities, and monitor effectiveness
- Establish a means to introduce the acknowledgement systems to new staff and students

Staff will:

- Commit to establishing a positive climate (more positive interactions than negative — staff/staff, staff/students)
- Understand the rationale and benefit of implementing a school-wide acknowledgement system
- Understand when and how to reinforce students for appropriate behavior
- Routinely acknowledge students for appropriate behavior
